The Honorable

John F. D u l l e s,

Secretary of State of the United States

The White House,

WASHINGTON, D.C.

U.S.A.

Sir,

Soviet Union now is celebrating the anniversary of the October Revolution, but at the same time thousands of our country-men and other opprssed nations are still imprisoned or deported to Russian slave camps.

We, representatives of Latvian refugees in Oldenburg - Germany beg you Sir, to interfere in the name of the Government of the United States at the United Nations and demand the withdrawal of Soviet occupation forces from the occupied countries, so that the oppressed nations may freely elect a democratic government of their own choice. We also demand that all imprisoned be set free and all deportees be repatriated, but those guilty of genocide be brought before and judged by an international court as international criminals.

5-th November 1957

Oldenburg.

/ V. Lēmanis./

Chairman of the Latvian Committee in Oldenburg, Germany.

/ J. Ozitmanis./
